IEEE SYSC/CEDA TCCPS Early-Career Award

The IEEE SYSC/CEDA TCCPS Early-Career Award recognizes a junior researcher from either academia or industry who has demonstrated outstanding contributions to the field of cyber-physical system (CPS) in the early stage of his/her career development. The award selection committee will particularly emphasize the significance and impacts of the research work led by the nominee. The award consists of a plaque and a citation.

Eligibility
The candidate must be an IEEE member in good standing and within 5 years receiving his/her highest university degree at the nomination deadline.

Nomination:
The nomination should be proposed by someone other than the nominee. The nomination package must be emailed to the TCCPS award chair (Subject: IEEE TCCPS Early-Career Award), including the following details:
• Nominee: list name, affiliation, postal address, email address, phone number and date receiving the highest university degree.
• Nominator: list name, affiliation, postal address, email address, and phone number.
• Citation: provide a brief citation (30 words or less) precisely stating the significant contributions of the nominee.
• Nomination letter: describe the technical contributions as well as their significance and impacts (less than 1000 words).
• Curriculum vitae: attach a current CV of nominee.
• Support letter: provide three letters of recommendation to support the nomination. Support letter cannot be written by nominator or nominee.

Schedule:
Nomination needs to be submitted to Award Chair Prof. Dacheng Tao at dacheng.tao@sydney.edu.au by February 28th, 2020.
